FALLING HAIR MEANS

DANDRUFF IS ACTIVE Save your Hair! Get a 25 cent bottle of Danderine right now-Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff-that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die-then the hair falls out fast. A little Danderine tonight-now-any time-will surely save your hair, Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first ap-

plication your hair will take on tha life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use when you will actually see a lot of fine, downy hair-new hair-growing all over the scalp.
